

Floor Krewe

Department:
Reports To:
FLSA Status:

Programs & Education
Floor Manager
Part-Time

Location:

Sci-Port Discovery Center
820 Clyde Fant Parkway
Shreveport, LA 71101

Position Summary:

The Floor Krewe member is responsible for enhancing the visitor experience and exhibit interaction by consistently providing high quality interactions, programs, demonstrations, information and informal activities to engage the visitor in active exploration. The Floor Krewe staff will receive direct supervision and assignments from the Floor Manager Programs and Education Manager and works very closely with the Programs and Education Manager who is the department chair.

Essential Functions:

- Consistently provide a high quality, high energy delivery of programs, demos, and shows, and a high level of visitor interaction during and in between demonstrations and shows as well as with the exhibits in the discovery areas.
- Set up and perform hands-on science demonstrations in a professional manner to visitors and assist other floor staff to accomplish this task.
- Cross train in other areas of the Center and meet requirements of Sci-Port's Floor Krewe training program.
- Greet and assist visitors, promote the Center's programs, events, give information, directions, etc.
- Assist with set up and provide assistance for workshops, festivals, camp-ins, special events, and other Center functions as needed.
- Keep demonstration area, PoP (Power of Play) Children's area, and the Center clean by following a daily cleaning routine.
- Check all stage, demonstration equipment and program supplies prior to each show and ensures proper safety operations.
- Uses proper safety equipment during all demonstrations and programs; will occasionally handle chemicals, organs, small animals, and insects.

Non-Essential Functions:

- Other duties as required.

Experience/Skills:

- Excellent communication and public speaking skills, including speaking to large audiences of all ages.
- Ability to work with a variety of different people, to work well under time constraints, and in stressful conditions.
- Able to be flexible/change directions at a moment's notice.
- Must be a fast learner.
- General computer skills.
- Work/volunteer experience with the public preferred.
